### **EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

1. Claims 1-13 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 12, and 13, the primary reason for indication of allowable subject matter is that the prior art fails to teach or reasonably suggest generating intensity difference signals indicative of intensity differences across the defect, generating intensity different signals indicative of an intensity difference on each side of the defect, and then correcting the defect depending on the first and second intensity difference signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John M. Villecco whose telephone number is (571) 272-7318. The examiner can normally be reached on Monday-Thursday.
